Questions picked 20

You can now drag the slider to choose how many questions you wish the students to undertake.

NOTE: For best experience, we recommend staying with 20 as some games do not perform as well with more or less than 20 questions selected.

The selected questions are highlighted below, click on the question to select/deselect.

Read the text carefully then drag the words that end with 'LY'.

Matthew looked at Peter **crossly**. He thought Peter had acted **carelessly**. He should have chosen the team more **thoughtfully**. Still, it was too late now, the game was about to start. The players ran out. The crowd cheered **excitedly**.
